GLOBALFLOR

Globalflor® is registered in UK, owned by Shanghai Bomei Industrial Corporation Ltd, which is a Taiwan investment in China and managed by European technicians. We specializing in the production of vinyl flooring materials include homogeneous flooring, heterogeneous flooring, ESD flooring, sports flooring and different type of vinyl tiles. They have been widely used in areas such as Transport, Education, Healthcare, Commercial Buildings, Offices, Residences, Sports and other areas.

Products of high quality and fashionable, widely used in a variety of architecture, not only has the broad masses of the domestic market, but also been distributed to over 30 countries.

Our advanced machineries were imported from German and Japan. At the same time, over 500 legal staffs insist on providing dedicated international standard support with assistance on logistics, dedicated packaging and quality control for global customers. Till now, our monthly capacity can achieve 6,000,000 square meters.

We are committed to sustainable development and customer health protection.

Available in an amazing palette of 24 directional colors across a range of formats and accessories, Dakota Max is a genuine multi-solution offer adapted for commercial, transportation, education and healthcare facilities.

Composed of a single layer of vinyl, compact homogeneous vinyl floors are glued to the sub-floor and welded.

The flooring complies with the EN 649 (34/43) and has a Group P wear-resistance rating. Benefited from PUR+ surface treatment, this collection offers extreme durability as well as superior wear, scratch, stain, and abrasion resistance for heavy-traffic areas, giving it one of the best life-cycle costs on the market.
